

BIOGRAPHIES OF OUR SPEAKERS

(In order of appearance)

DR. NESTER COHENCA

Dr. Cohenca completed the endodontic program at the Hebrew University in Jerusalem cum laude and received the Best Graduate Student Award. He then served 11 years on faculty at the school while maintaining a private practice limited to endodontics. Thereafter, Dr. Cohenca joined the University of Washington where he completed his endodontic certificate in 2008 and served as Tenured Professor of Endodontics and Pediatric Dentistry from 2005–2014. Currently he serves as Professor at the University of Washington, Professor and Director of Endodontics and the Multidisciplinary Traumatology Unit at Seattle Children's Hospital and maintains a private practice limited to Endodontics in Kirkland, WA. He is a Diplomate of the Israel Board of Endodontics and the American Board of Endodontics. Dr. Cohenca is a Fellow and Past-President of the International Association of Dental Traumatology and received an honorary membership to Omicron Kappa Upsilon National Dental Honor Society. He has published more than 90 peer-reviewed articles, 10 chapters and a book entitled "Disinfection of Root Canal Systems: The Treatment of Apical Periodontitis". Dr. Cohenca provided more than 250 lectures around the world and is well known as one of the experts in dental traumatology, Endo-Pedo related topics, vital pulp therapy, CBCT and root canal disinfection.

DR. ALAN LAW

Dr. Alan Law received his Doctor of Dental Surgery and Certificate in Endodontics from the University of Iowa College of Dentistry, Iowa City, Iowa. He also completed his PhD, "Mechanisms and Modulation of Orofacial Pain", with the Department of Pharmacology at the University of Iowa. Dr. Law has published several of articles in scientific and clinical journals, and has co-authored chapters on The Non-Odontogenic Toothache and Regenerative Endodontics in Pathways of the Pulp, and has lectured at over 300 local, national and international meetings. Dr. Law is a member the American Dental Association, American Association of Endodontics, and Omicron Kappa Upsilon Dental Honor Society, and a Fellow of the American College of Dentists and the International College of Dentists. He is President of the American Association of Endodontists, Past President of the Minnesota Association of Endodontists, and Past President of the American Board of Endodontics. He is in full-time practice in the Twin Cities, and President of The Dental Specialists, a multi-specialty dental practice with over 25 specialists. He is also a Research Associate Professor in the Division of Endodontics at the University of Minnesota.

A. LEE MADDOX, DDS, ESQ.

Dr. Maddox received his D.D.S. degree from the University of Southern California in 1987, his certificate in Endodontics from the University of Southern California in 1989, and his board certification in Endodontics in 1995. Dr. Maddox received his J.D. degree from Whittier College of Law, Costa Mesa, California where he graduated in the top one-third of his class.

Dr. Maddox practiced Endodontics and maintained two offices in Orange County for nine years. During this time, his endodontic practice experienced a 700% increase in production during this nine year period. Dr. Maddox has served as a clinical instructor at the University of Southern California School of Dentistry and Loma Linda School of Dentistry. Dr. Maddox has been providing legal services to Dentists for over ten years, helping thousands of doctors with their transition needs as well as general legal services. He has been in the dental transition business as a Practice Broker since 2010. After three successful years as a dental practice broker, Maddox Practice Group was acquired by Henry Schein PPT, the dental practice transition division of Henry Schein Dental, in February, 2013. After over 5 years as Vice-President and Regional Director for the western United States for Henry Schein, Dr. Maddox retired from Henry Schein and has re-opened his law practice. Dr. Maddox now enjoys practicing law full time in Costa Mesa and helping dentists, veterinarians and medical professionals.

CALIFORNIA STATE ASSOCIATION OF ENDODONTISTS
PRESENTS

Balboa Bay Resort
Reservations @ \$259/nite

Reserve Room by Phone:

(Be sure to mention CSAE)

(949) 645-65000

or online @ www.csaEndo.org

Look for 2021 Meeting

Reduced Hotel Rates Apply before September 21, 2021.
Meeting Registration Deadline—October 1, 2021

CSAE

Course Descriptions

(In order of appearance)

Dr. Nestor Cohenca

Management of dental trauma remains a significant clinical challenge affecting health-care providers and patients alike. Falls, accidents and sport-related injuries are the most frequent causes of dental trauma with an estimated prevalence of 30%. Patients can present with a wide variety of injuries ranging from crown or root fractures, to injuries to the supporting periodontal structure, including luxations and avulsions. Treatment is often complex, time consuming, expensive and requires multidisciplinary approaches such as endodontic and periodontal treatments, surgery, orthodontic movements as well as esthetic coronal restoration. Root resorption and ankylosis are the most common sequelae causing a major clinical challenge due to the high risk of infraposition and undevelopment of the alveolar bone. This presentation will discuss the newly published 2020 IADT guidelines for prevention, diagnosis and treatment of traumatized teeth, regeneration which will be thoroughly discussed and illustrated using advanced 3D technology for diagnosis and

Dr. Alan Law

When a patient calls reporting severe pain after root canal treatment it can be disruptive to a practitioner's schedule and psyche. This session will give practitioners a brief overview on the neurobiology of pain, the typical course of pain following root canal treatment, and information on the frequency and predictors for pain following root canal treatment. The session will also discuss root canal pain in the context of medical-surgical models for post-treatment pain.

At the end of the presentation, participants should be able to: Discuss factors that can modulate the perception of pain, discuss the frequency of acute and persistent pain

following root canal treatment, based upon results of recent practice-based research, discuss potential predictors of acute and persistent pain following root canal treatment based upon results of recent practice-based research and discuss a differential diagnosis for persistent pain following root canal treatment.

Dr. Lee Maddox

Upon completion of this course the attendee will have a comprehensive understanding of the laws of the Dental Practice Act. The course will review the laws of the Dental Practice Act and will review the numerous dental board cases applying such laws. The review of the laws and the cases shall give the attendee a better understanding on how the laws of the Dental Practice Act and their individual actions can impact their ability to practice dentistry in the state of California. In addition, this course will review all recent changes in the laws of the Dental Practice Act. Objectives: The participants will be able to understand the laws that regulate dental health care providers, understand the application of the laws regulating dental health

Board enforcement of the laws and regulations and understand how their individual actions can impact their ability to practice dentistry in the state of California.

Agenda

Friday, October 22, 2021

Featuring: **Dr. Nestor Cohenca**

7:30 -9:00 AM	Check in/Hosted Breakfast
9:00-11:00 AM	Revised Trauma Guidelines 2020, Part 1
11:00-11:15 AM	Break
11:15-12:15 PM	Revised Trauma Guidelines 2020 Part II
12:15-1:30 PM	Hosted Lunch
1:30-3:00 PM	Treatment of Replacement Root Resorption
3:00-3:30 PM	Break
3:30-5:00 PM	Revascularization of Immature Necrotic Permanent Teeth
5:00-6:30 PM	Hosted Cocktails/Hors-oeuvres

Saturday, October 23, 2021

8:00-9:00 AM	Hosted Breakfast
9:00-10:30 AM	Dr. Alan Law: "Acute and Persistent Pain Following Root Canal Treatment: What Have We Learned from Practice Based Research?"
10:30-10:45 AM	Break
10:45-12:00 PM	Dr. Alan Law: Topic continued, AAE Update
12:00-1:00 PM	Hosted Lunch
1:00-2:15 PM	Dr. Lee Maddox: Dental Practice Act
2:15-2:30 PM	Break
2:30-3:30 PM	Dr. Lee Maddox: Dental Practice Act Part II
